Re: COVID19 – NSW restrictions effective 26 June

Dear Valued Customers and Supply Partners,

As you will be aware, effective 26 June 2021 at 18:00 until Friday 9 July 23:59, new restrictions and movement guidelines have been put into place for all of Greater Sydney in response to the escalating COVID19 variant outbreak. We have now put in place appropriate measures at each branch to meet the compliance requirements as per the guidelines. Please be assured that all branches are open, we are maintaining deliveries and receipting too, and as far as we are able, we are still operating 'business as normal'.

In addition, branches have reinstated safe distance zones; customer check-in requirements inc QR code scanning; we'll be asking customers and visitors to maintain social distancing and to use the hand sanitizer provided; and face masks are mandatory.

Where possible, we are rescheduling non-essential meetings, and also encouraging orders to be placed via telephone or email to minimise the time you spend at the branch. Unfortunately, we have had to cancel the Friday morning BBQs at each branch in this period.

Thank you for your cooperation and understanding, and fingers crossed we can all navigate through this next two weeks safely, and with minimal impact.

Yours sincerely,

Karl Penn  
General Manager
